

WOODEND BOWLING AND LAWN TENNIS CLUB.

AGM - 2025 - Bowling Section Report for 2024 Season.

The start of the season was greeted with great enthusiasm by all the members on the 6th April with our Opening Day Competition which was held as a triples and won by Miles, Andy and Jennifer.

Several Saturday afternoon mixed competitions were held as usual to allow as many participants as possible to participate with the Club Championship being the only internal competition restricted to gents only.

The remaining competitions were open to all as per our now standard format.

On a successful finals day on the 24th August, Lorne Cook regained the Championship, Joan Cameron won the Vice Presidents Trophy, and Ronnie Campbell won the Presidents Trophy.

In the North West Bowling League we again disappointingly ended up in the lower half of the 12 club/2 team format.

Our performances in The Glasgow District and Scottish National Competition matches were likewise disappointing.

A list of all competition winners is appended below.

Our closing day Sunday afternoon event was held on the 29th September which was won by Sandy Clark and the green was then closed for the winter season.

During the year we sadly lost club member Willie McDonald who, although an established Tennis member, was also a very keen and good bowler and was due to join the bowling section full time. He will be greatly missed.

We are continuing our contract with Proturf for the green maintenance in the meantime but will keep this under review.

Hopefully we can attract some new members, the weather will be kind to us this coming season and we can have an enjoyable and successful 6 months of bowling.

A Clark Joint Ties Convenor.
